

Pin assignment of component part 'A47'

A7.X1/22 = A47.X1.3/1 = Power supply
A7.X1/13 = A47.X1.3/2 = Signal line (-)
A7.X1/38 = A47.X1.3/3 = Ground cable

Legend

- A3 (Drive control (CPC) control unit)
- A47 (Special equipment switch module)
- A48 (Roof switch module 1)**
- A50 (Lower driver bunk switch module)
- A7 (Advanced signal acquisition and actuation module (ASAM) control unit)
- A78 (Hazard warning system switch module)
- A8 (Cab power distributor)
- B81 (Rain/light sensor (RLS))
- CAN 2 (Interior CAN)
- Code D8M (Electric tilting/sliding roof, glass version)
- Code D8N (Tilting roof, electric)
- Code E9F (Preinstallation for 2nd operating unit, level control)
- Code F2G (Cab width 2.30 m)
- Code F2H (Cab width 2.50 m)
- Code F8W (Rain sensor)
- Code F8X (Rain/light sensor)
- Code I6B (Dumper chassis)
- Code I6C (Concrete mixer chassis)
- Code I6V (Air suspension, rear axle, Lowliner)
